Aerial Mount Technician/Operator

I am a qualified Tyler mount technician for aerial cinematography working on a freelance basis having worked for such companies as Flight Logistics, Thirteen and Helicopter Film Services with whom more recently I have been trained as a Wescam technician.

My aerial work has taken me filming in extreme temperatures, -30 in the Himalayas and +40 in the Deserts.

I have over 11 years experience in the camera department working with a variety of Directors of Photography with multiple formats on Feature Films, TV Drama, Commercials, Promos & Concerts.

With the advancement of 3D technology I have listed these credits separately.

Film & Television Drama
