

GEORGE SIMPSON

STEADICAM / OWNER OPERATOR
WWW.GEORGE-SIMPSON.COM

Profile

I am a professionally trained, freelance Steadicam Operator/ Owner and Camera Operator. After graduating from Ravensbourne University with a degree in Broadcast Operations I went on to work at Procam, one of London's largest and busiest broadcast hire facilities. After 2 and a half years working at the facilities company I followed my true passion of Steadicam. I have now been operating for over 5 years working on multiple projects including short films, music promos and corporate events.

As well as Steadicam, I often operate for many talented DOPs, working a corporate, documentary, music promos, entertainment and TV drama.

I strive to impress in any professional environment I work in, whether that is in a team or working solely. You can guarantee my hard working and adaptable nature will be present throughout production.
