Camera Trainee

alison.martin.ac@gmail.com

I'm an enthusiastic, hardworking Australian camera trainee based in London. My diverse experience working on TV dramas, feature films, commercials, music videos and short films has given me the skills to be a strong part of any camera team. When I have time spare I am using it by helping out at rental houses, recently spending a day shadowing Panavision camera floor team and technicians, learning to load 35mm and 16mm film on both Arri and Panavision cameras.
