**MOBILE:** + 44 (0) 7538 927 590

I am a reliable and efficient worker with experience in digital format film and commercial production. I have been working in industry for a number of years as a trainee and loader however I am looking for relevant experience in celluloid loading before I make the step up in this regard. I constantly take things on my own initiative and work well under pressure through extreme time constraints as is so common. Drop me an email or a call and I am more than happy to help out your production wherever you see fit.
