Portuguese Native Speaker
English Full professional proficiency
Swedish Basic professional proficiency
Danish Basic professional proficiency

Key Qualifications

Strong work ethic and like to challenge myself.

I have served in the military in the Air force with F-16 Fighter Jets as well part of the International Security Assistance Force in one tour in Afghanistan all in all I've been 13 years in the Army.

This provided me with a lot of learning opportunities, high pace working environment.

I've worked in other areas in the industry as well. I've been 1 AC Camera on short films and Location Manager assistant and Helicopter Coordinator on Feature film Such as Mission Impossible and many more.

I work well in a team but work just as well and hard alone, I would rather say I'm a team player in the end.
