I have been a camera technician since 2008, before which time I worked at Soho Images (Deluxe) post production film laboratory as a rushes projectionist. I am experienced in both film and digital and can work proficiently with all cameras available. I am experienced with setting up and balancing both steadycam and gimbal systems and also Gates, Nauticam and Hydroflex underwater housings.

**Personal Equipment:** Cmotion Evolution Remote Focus FIZ / Complete AC 'box' kit
