79 Sinclair Road – W14 0NR

Personal Summary

Having been immersed in the film and advertising industry from a young age, I developed a passion for creative media, influenced by exceptional storytellers and visual artists. I completed my A-levels at Hampstead Fine Arts in the summer of 2018, earning awards for my short films and gaining extensive experience in professional productions, particularly within the camera department, as detailed in my CV.

After finishing school, I embarked on a year-long journey across Southeast Asia and New Zealand, engaging in various jobs that broadened my skills and perspectives. Upon returning to England in March 2020 amidst the COVID-19 pandemic, I continued to pursue opportunities in the camera department while also working as a barman at The Cow in Notting Hill.
