## About Me:

I'm super organised, quick learner and make a pretty good cup of tea. Started in the industry as a grip/camera car driver since 2019. So I have my driver's license, my own car and years of experience driving transits, lutons and low loaders. I'll work commercial, film, TV, music, anything. For images and references of my work check out my Instagram page @itz\_pearty\_time\_grips (Give me a follow too while you're there)
